Health, Safety & Environment Policy

M/s. Electranex India Private limited., is a manufacturer and supplier to the Railway organizations since Year 2004 onwards. We are committed to provide our services with concerns of safety, health, and environment to meet the international standards & its compliances.

We support every aspect of HSE related to Calbe head Terminations and its related HT equipment accessories' installation, commissioning, and maintenance at our & customer premises.

It our core belief that HSE implementation at work places, shall give a free accident / Incident, less impacts on atmosphere, and gives a major relief from nuisances and disturbances.

Our principles:

- Prevention of HSE hazards by implementation of international standards, rules, regulations, and applicable national standards.
- Improve resource efficiency in operations, to prevent the pollution of natural resources like: air, land, and water.
- Adopting the 3R methodology (reduce, reuse, and recycle) to prevent pollution and unnecessary disposals, particularly electric, plastic waste etc. which is in line with best practices of the industry.
- Ensure this policy is actively communicated and made available to employees, relevant stakeholders and interested parties (including the public).
- Periodically review this policy so that it remains relevant, appropriate, Clean, Green, and Safe atmosphere.
